

Emilia Fanye Ngen joined Conversi in September of 2015. Participation was always difficult due to conditions where she lived in Cameroun. For some time now, she has not been reachable by telephone, email, or mail. She may be a refugee, or she may have already become deceased. We have no way of knowing, and to prevent the bounced emails from her closed email, we have placed her on this page. We pray that some day she might return to us, in good health and safety.
